

MOVE e-fleet

Get your fleet – or that of your customers – ready for electromobility and enjoy the numerous benefits of MOVE e-fleet.

Access to a suitable and convenient charging infrastructure for electric vehicles represents one of the biggest challenges for fleet managers. Thanks to MOVE e-fleet, drivers of electric vehicles can now access every public charging station in Switzerland and the majority of stations across Europe. All this and at uniform prices that make electric mobility more transparent and calculable than ever before. Thanks to the option of combining MOVE home and MOVE work, charging at work or at home is always in compliance with the guidelines of large-scale enterprises.

With MOVE e-fleet, you can enjoy the following benefits:

- 100% costing certainty thanks to guaranteed prices at home and abroad.
- 100% coverage – with the MOVE card, you and the users of your fleet vehicles can access every public smart charging station in Switzerland and in Europe.
- You receive a unique, VAT-compliant, invoice-based postpaid solution.
- Full oversight and control thanks to the online portal:
 - Track your charging in real time
 - Manage active cards
 - Store and manage your internal vehicle numbers
 - Download data files for straightforward onward billing of purchased services
- No additional administrative work for you – billing and customer management are carried out by MOVE.
- Top-of-the-line security and data handling (Swiss-made systems and data management).
- Your customers can also enjoy the numerous benefits offered by the MOVE charging network:
 - Access to all publicly accessible smart charging stations in Switzerland (MOVE, EVpass, Swisscharge, Easy4ou, etc.). These are complemented by around 35,000 additional charging stations across Europe.
 - Fixed prices in the MOVE network and on all other charging networks.
 - Compatible with all electric vehicles.
 - User-friendly and easy-to-operate system.
 - Professional and 24/7 MOVE customer hotline.
- If you also require a solution for charging at home or at work, the MOVE home and MOVE work solutions can be combined seamlessly with MOVE e-fleet.

As a MOVE e-fleet Partner, you also benefit from favourable terms:

- You receive a commission of 2% of turnover from your customers at MOVE charging stations.
- A one-time partnership fee of just CHF 3,000.
- Numerous options for the configuration of your customer package, including free price-setting for your customers, billing either to customers or to you, integration into your billing infrastructure, combination with other MOVE products such as MOVE home and MOVE work etc.

Our business experts will be happy to provide you with further details on data and billing, additional cards or key fobs as well as any other questions or queries in a personal discussion. Please contact us at any time on +4179 244 94 09 – Stéphane Rosset, Partner Manager, or via email at sales@move.ch.

We look forward to hearing from you.
